Addendum No.1 to the Standard Operating Procedures (SOP) for Surveyor's Authorizations towards PSC/FSI Inspections, issued on 14/10/2016.

Apprehensions have been communicated and expressed by MMD's regarding practicality and the applicability of the Standard Operating Procedures (SOP) for Surveyor's Authorizations towards PSC/FSI Inspections issued on 14/10/2016. In order to ensure uniform interpretation, understanding and settled application of the aforesaid SOP, the following clarifications are issued for immediate implementation.

1. The Directorate had issued DGS order No. 15 of 2013 on 11th June 2013 on subject Training of newly inducted surveyors of DGS/MMD. The said order requires, among many other requirements, the maintenance of an adequate pool of qualified and trained personnel with broad maritime experience as relevant to the specialised survey competencies which is applicable to all surveyors joining the Directorate on or after 1st April, 2013. Further, the said order outlines the scope of training, training manual, training officers, work diary, authorization, records, etc which are applicable and to be followed by these surveyors joining the Directorate on or after 1st April, 2013.
2. The subject SOP has been issued to supplement the aforesaid order on the training aspect of newly inducted surveyors of the Directorate prior entrusted to undertake one of the critical and most vital functions of the surveyor's duty in carrying out FSI/PSC inspections independently.
3. The SOP will assist the Directorate to maintain a periodical database of all qualified / authorised surveyors for FSI/PSC inspections which would be certainly in line with the transparent governance system to meet the expectation of all the stake holders.

4. Also, the SOP so issued is exclusively applicable with prospective effect as is the case with all circulars/procedures/orders etc., unless otherwise stated, hence all those regular Surveyors carrying out FSI/PSC inspection independently prior to the issuance of this SOP deem to remain authorized for such inspections and their names will be automatically included in the database. No formal authorization is required to be issued. Further, it is also clarified that officers holding the rank of Dy. Nautical Advisor, Dy. Chief Ship Surveyor, Dy. Chief Surveyor and above will remain qualified and authorised for carrying out FSI/PSC inspections independently until their service with the Directorate/MMD ends.
5. In addition to above, the PSC Inspections are to be carried out as below:
- a) For selection of ships for PSC inspections, the authorized PSC inspector should be guided by the Clause 3.3 of Part 2, Section 2.1 of IOMOU procedures manual, as amended.
 - b) Priority of inspections to be based on IOMOU risk profile.
 - c) Every endeavor to be made to achieve 10% eligible ship inspections irrespective of the vessel risk profile.
6. Further, it may please be noted that most of the surveys on Indian Flag vessels are being conducted and certificates are issued by Recognized Organizations. These certificates are accepted by other Port States as evidence of the condition of the vessels unless there are clear grounds for believing that the condition of the vessel does not correspond substantially with the particulars of the certificates. One of the control Indian administrations has on the standard of Indian flag vessels is by way of flag state inspections. The Flag state inspection, therefore, should always be a comprehensive inspection irrespective of the risk profile of the vessel. The implementation regime should be in accordance with Merchant Shipping Notice 19th of 2013 dated 3rd September 2013.
7. Also attached is the list of authorized PSC/FSI Surveyors (*Engineer & Ship Surveyors, Nautical Surveyors and Ship Surveyors*)
